

GRA CONSOLIDATED LIST

5 March 1959

Instructions:

1. Exclude requirements for Senior War Colleges
2. Include all other external training requirements.

For activities such as missile orientations, correspondence training in electronics, or others for which we have well-developed arrangements and procedures it will be sufficient to list the category of training and the required numbers to be trained. For other activities, particularly those outside the metropolitan area, please be as specific as possible with regard to the name of the course or type of training, and the location of the training facility.
